Launching of Electronic AIP (e-AIP) for Mauritius

In our efforts to modernise aeronautical information and data products, Mauritius is pleased to announce the launch of our new electronic Aeronautical Information Publication (eAIP) system, effective as from 13 January 2025. This advancement marks a significant step in changing our mode of producing and publishing Aeronautical Information Publication (AIP), primarily through migration of the AIP to International Civil Aviation Organization (ICAO) standard e-AIP format and modernisation of the way aeronautical charts are produced.

Key Features of the e-AIP:

- **Timely Updates:** Access the most up-to-date aeronautical information, including AIP Amendments, Supplements, AICs, and NOTAM Summaries.
- **Enhanced Accessibility:** View and download aeronautical information directly from our website, ensuring you always have the latest information at your fingertips.
- **User-Friendly Interface:** Navigate through the eAIP with ease, thanks to a streamlined and intuitive interface.

How to Access the e-AIP

The e-AIP can be accessed on our website: <https://civil-aviation.govmu.org>.

Aeronautical information will be available both via the e-AIP system and in printed format. A transition period will ensure a smooth adaptation to the new system and gradually reduce the reliance on printed formats. Subscribers are encouraged to fully utilize the e-AIP system for accessing aeronautical information. This initiative is part

of our ongoing efforts to enhance the efficiency and accuracy of our services while reducing paper usage.

Subscribers are invited to consult our latest Publication Amendment 01/25 dated 09 January 2025 on our website, as the paper version is not yet available and will take time to reach subscribers by post.

For assistance or further information, please contact our support team at ais@govmu.org.

A handwritten signature in blue ink, appearing to read 'K. Sakurdeep', with a stylized flourish at the end.

K. SAKURDEEP
for Director of Civil Aviation
